

## Winter Operations WEBINAR for General Aviation Pilots

Every year it's important to prepare yourself and your aircraft for the harsh reality of Winter flying. Please attend as a refresher or perhaps pick up some new tips to use this season. We will cover survival gear, a little weather, engine preheat, icing and contaminated runways and other pertinent topics. Click on the link below and register TODAY.

**Directions:** You must first register for the webinar. Register on SPANS and WEBEX.com. An email will be sent to you by WEBEX just before the webinar granting access. See "Additional Information" section below for registration information.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
